# IC Layout Training

KAL is offering a range of IC Layout Courses performed by our partner IC Mask Design

Founded in 2002, IC Mask Design is a dynamic engineering organization and industry leader in the provision of physical design services to the global semiconductor industry. The company delivers layout services for analog, RF and mixed-signal as well as a range of training courses covering the complete spectrum of physical design

We provide public and private courses:

1) Public Courses
    a. Frontal courses in Ireland/Europe
    b. Online live courses
2) Private Courses
    a. Unique courses for Fablesses at their location/online

Course:

1) Advanced Analog Layout Techniques
2) RF Layout Techniques
3) Layout of ESD
4) Nanometer Layout
5) FinFET Layout Techniques
6) Process migration (private)
