

## IC Layout Training

KAL is offering a range of IC Layout Courses performed by our partner IC Mask Design

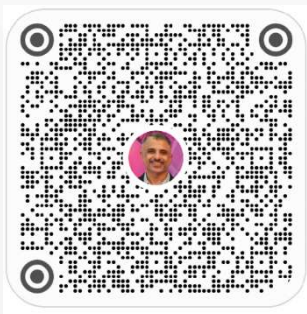

Founded in 2002, IC Mask Design is a dynamic engineering organization and industry leader in the provision of physical design services to the global semiconductor industry. The company delivers layout services for analog, RF and mixed-signal as well as a range of training courses covering the complete spectrum of physical design

**We provide public and private courses:**

- 1) Public Courses
  - a. Frontal courses in Ireland/Europe
  - b. Online live courses
- 2) Private Courses
  - a. Unique courses for Fablesses at their location/online

**Course:**

- 1) Advanced Analog Layout Techniques
- 2) RF Layout Techniques
- 3) Layout of ESD
- 4) Nanometer Layout
- 5) FinFET Layout Techniques
- 6) Process migration (private)
